

Bhutan

In order to export dogs/cats to **Bhutan**, the following documents are required:

1. **Passport of the exporter**, hardcopy versions.
2. **Microchip certificate**, both original and copy.
3. The pets must be weaned. In the case of any pets accompanied by their mother, the pets must be at least 6 weeks old at the date of departure.
4. **The rabies and combination vaccine certificate/booklet**, both original and copy versions
 - Must include all of the following information:
 - Date of vaccination and vaccine product information.
 - Full name, license number, and signature of a veterinarian who administered the vaccination.
 - The vaccinations should be done at least one month before the date of entry except for rabies.
 - In the case of primary rabies vaccination, the animal has been vaccinated with an inactivated rabies vaccine not less than 6 months and not more than 1 year prior to the date of entry.
 - In the case of booster vaccination, the animal should have been vaccinated not more than 1 year prior to its entry.

5. The report of the serology test for rabies, both original and copy. (When require)

- The animal has been subjected to a neutralizing antibody titration test for rabies virus and the serum must contain at least 0.5 IU/ml.
- The tests must have been carried out not less than 3 months and not more than 24 months prior to the date of entry.

6. External parasite and internal parasite protection treatments

- At least one week before the date of entry.
- The pets must be treated by a veterinarian, the certification of the veterinarian is necessary as the vaccination record details above.

7. **In case of pregnancy** The animal must not be more than 42 days pregnant at the date of departure.

- Must be certified by a veterinarian with a health certificate.

8. Destination country's import permit.

9. Other documents according to an import permit. (If any)
