

United Arab Emirates

In order to export dogs/cats to the **United Arab Emirates**, the following lists are required:

1. **Passport of the exporter**, *both original and hardcopy.*
2. Your pets have to be at least 15 weeks old.
3. **The microchip certificate**, *both original and hardcopy.*
4. **The rabies and combination vaccine certificate/booklet**, *both original and copy versions.*
 - Must include all of the following information:
 - Date of vaccination and vaccine product information.
 - Full name, license number, and signature of a veterinarian who administered the vaccination.
 - In case of any correction the vet signature is required.
 - The rabies vaccination must be done at the age not less than 12 weeks.
5. **The report of the serology test for rabies** in both *original and copy.*
 - Blood samples must be taken a minimum of 21 days after the primary rabies vaccination.
 - The Rabies serology titer result must be at least 0.5 I.U./ml.
 - The result is valid 1 year after the date of sampling.
6. **External parasite and internal parasite protection treatments**
 - Must be treated within 14 days prior to flight.
 - The pets must be treated by a veterinarian, the certification of the veterinarian is necessary as the vaccination record details above.

7. Destination country's import permit.

8. Other documents regarding import permit. (If any)

9. Your pet must travel to the UAE as manifested cargo.

- **Additional requirements for cats;**

- Due to a current COVID-19 outbreak,
- The cats have to be kept at least 14 days in government approved quarantine premises and observe that the cats show no clinical signs of the disease.

- **OR**

- The cats have been tested with a PCR test for COVID-19 and a result must be negative within 96 hours prior to traveling.
